VNTG Home Upcycle Services Agreement

We will provide you with a detailed quote in writing for each upcycle or special order fabric purchase.

“Upcycling” includes any custom fabric order, reupholstering services, repainting service, refinishing service and/or repair work performed.

Our upcycling fees must be paid in advance of the commencement of upcycling work. Upcycling fees are deemed to have been earned, and are non-refundable, upon commencement of upcycling work which is defined at the point of purchase.

You acknowledge and agree that upcycling involves the creation or order of custom designed or purchased items, thus all upcycling sales are final and non-refundable. However, your satisfaction is our top priority, our artisans will work hard to find a solution if you are not satisfied with our work. We stand behind the quality of our work, but we are NOT responsible for buyer’s remorse or second thoughts.

1. **Other terms and conditions**

a. Upcycling expectations. All upcycling work at VNTG Home is done by hand, by qualified and experienced artisans, to produce one-of-a-kind treasures. All hand-painted or refinished pieces will have unique, artistic characteristics that may include brush strokes, variations in color, or other unavoidable features of the process. All re-upholstered pieces will also have unique features related to the fabric used, the piece being reupholstered, and the artisan’s handiwork. We will provide you an estimated time to complete upcycling services under this agreement. We will work hard to complete your upcycling work within the estimated time, but you expressly acknowledge that actual time to complete the work may vary.

b. Pickup or delivery of upcycled items. We will notify you when your upcycled items are complete. You agree to pick up upcycled items within one
